

EAT

J We like food. We like to know where it's from, who made it, and what's in it. Our mission is to showcase our local talent: both in the kitchen and off the farm. Whether it's at the market, on the street, or at the table, enjoy what our local artisans have to share. Let's eat.

EAT HEALTHY,
EAT LOCAL!

Not Your Average Street Food

Schnitzel. Crème brûlée. Normally, you wouldn't expect to find these dishes on the nearest street corner, but the ***gourmet chefs*** of Meridien have hit the streets. The locations and routes of the food trucks can change at a moment's notice, so be sure to follow their news feeds!

Official Edible City Walking Tour

Let one of our Urban Foragers show you the variety of ***edible plants*** that go unnoticed by the average urbanite. Finish the tour with a salad made from your find.

The Local Farmer's Market

Eat healthy! Eat local! That's our mantra. Visit the nearest farmer's market to find local produce and meat grown and raised within 100 miles of the city.
